### Speech and Language Therapy & Executive Function Coaching

---

GrowNOW Therapy Services, LLC is a private practice owned by Michael McLeod, MA, CCC-SLP. Our central clinic is located in Media, PA. We provide unique and engaging speech and language evaluation and treatment services, and specialized executive function coaching. Services are provided at our private practice location and within school settings.

Michael McLeod is an ASHA-certified speech-language pathologist. Michael has been trained and has specialized certifications in the use of PROMPT therapy techniques, as well as in the areas of Sensory Integration, DIR-Floortime, Augmentative and Alternative Communication (AAC), Counseling, and Feeding. Michael focuses on a child-centered approach to therapy: recognizing and building upon their initial strengths -helping them step out of their comfort zone and try new experiences - gain life skills, self-confidence, productivity, and resiliency.

At the beginning of the upcoming school year 2017-2018, GrowNOW will offer a screening to all families who have concerns about their child's speech and language skills or executive function skills. A 30-minute screening is \$20 in the month of September to determine if your child would benefit from services. Throughout the school year, Michael will provide weekly private sessions at Hilltop. This is a private pay service with a fee of \$90 per 45-minute session. Communication between the families and the speech-language pathologist will be implemented through online availability of the daily session notes, which will provide parents with the opportunity to monitor progress and discuss any questions or concerns they may have in a timely fashion. Additionally, GrowNOW completes classroom observations at no additional cost.
